## JOBGING THE EMPLOYEES.

### Oakland Transit's Trick to Head Off Carmen's Demands.

The Realty Syndicate, boosters who are mismanaging the Oakland Transit Company performed a characteristic trick yesterday. Realizing that the employees of the system were preparing to formulate a demand for an increase of wages, W. J. Kelly, the sick manager of the Transit Company, posted late yesterday afternoon, on the door of the company's office, the following notice: TO MOTORMEN AND CONDUCTORS: "At a meeting of the board of directors the matter of adjustment of wages schedule was duly considered. I take pleasure in advising you of the adoption of the following resolution: "Be it resolved by the board of directors of the Oakland Transit Company that on and after May 1st all motormen and conductors who have been in the service of this company or the Oakland Railroad Company for a period of five years or more, be paid at the rate of 22 cents per hour, and all motormen and conductors who have been in the service of either company for a less period than five years be paid at the rate of 21 cents per hour.

"W. J. KELLY, General Manager "April 29, 1901." This alleged resolution is stated to have been adopted on April 26th, but it is not clear whether the men got ready to strike in order to enforce a demand for living wages and decent hours. For a long time the Oakland Transit Company paid its motormen and conductors 15 and 16 cents an hour and made a practice of working them overtime. A little over a year ago the corporation suddenly gave a slight advance to 19 and 20 cents an hour, allowing 21 cents an hour to men who had been in its steady employ for five years. This scale has prevailed until the men would stand it no longer, and a concession was made by posting the fake resolution above quoted.

This previous device was posted shortly after 3 o'clock yesterday afternoon, at a moment when the men were deliberating whether they should demand 22 or 25 cents an hour. The advance offered to head off the impending demand is a ruse, and will still leave the Oakland Transit Company's employees the poorest paid street car men around the bay.

The Market Street Rail Road pays its men a flat rate of 22 cents an hour, and on the San Pablo and Telegraph Avenue lines the car men receive a flat

rate of 21 cents an hour. This is \$2.10 a day for 10 hours work or \$1.89 for a day of nine hours. The 22 cent rate gives \$1.98 for a 9 hour day, which is little enough in view of the dangers and responsibilities of the service.

Many of the carmen insist that it will require twenty-five cents an hour to raise their wages to the level of the wages paid in other branches of employment. This would only give them \$2.25 for nine hours' work or \$2 for eight hours—little enough. It would seem to the average person. But Manager Kelly earns his \$625 a month salary by paying down the wages of other employees to the starvation point.

Ever since the Realty syndicate got control of the Oakland Transit system the employees have been the poorest paid and most overworked carmen in the State. Their pay has all along been kept below that of other street car employees of this city and San Francisco. The Federation of Labor was about to take the governance of the Transit Company's employees up in a vigorous manner and the men were discussing among themselves the terms they would demand when Manager Kelly did a characteristic bit of sick business by posting his notice late yesterday afternoon.

This trick has not deceived the men, however. They understand it thoroughly and are in no hurry to accept this beggarly advance in lieu. They are totally disinclined to accept less than a flat rate of 22 cents an hour. Indeed, a majority of them think 25 cents would be the proper figure.

In Seattle car operatives get 25 cents an hour, and in Butte, Mont., 30 cents an hour. Even in Los Angeles they get 24 cents, and the poor horse employees are paid \$2 a day. The Oakland Transit Company pays its power house employees the miserable sum of \$1.50 a day. No other employer of labor in this city pays such pitiful wages. Manager Kelly's attempt to make a virtue of necessity and yet deny the men full justice is a very cheap subterfuge.

The Transit Company's employees have the matter under consideration, today, but they will probably make a demand for a larger increase than is contained in the shabby offer put forth in the fake resolution.

## GREAT STRIKE MAY RESULT.

### Twelve Hundred Machinists are Out in Buffalo.

Associated Press Dispatches by The Tribune Special Leased Wire. BUFFALO, N. Y., May 1.—Twelve hundred machinists in this city and probably 200 more in Erie county outside of Buffalo struck today to secure a nine-hour day without a decrease of pay.

It is understood that the local movement is the forerunner of a strike that may extend all over the United States, Canada and Mexico on May 20th, when a general demand for a nine-hour day will be made.

## PLUMBERS STRIKE.

Associated Press Dispatches by The Tribune Special Leased Wire. GRAND RAPIDS, Mich., May 1.—The union plumbers in all but nine of the twenty-two shops in Grand Rapids went on strike today to enforce a new wage scale. The employers refuse to treat with the unions.

## MORE SURRENDERS.

Associated Press Dispatches by The Tribune Special Leased Wire. WASHINGTON, May 1.—The War Department this morning received the following cablegram from General MacArthur at Manila: "Quintin Salles surrendered Iloilo April 28th. All organized opposition in that island ended."

## CARRIE IN JAIL.

Associated Press Dispatches by The Tribune Special Leased Wire. WICHITA, Kan., May 1.—Mrs. Carrie Nation returned to Wichita this morning and went directly to the jail, where she occupies the rotary cell.

## CAVE UP PRIVATE CAR.

### D. O. Mills and Party Have Proceeded East.

Associated Press Dispatches by The Tribune Special Leased Wire. SACRAMENTO, May 1.—Local railroad officials say there are no additional advices concerning the collision of passenger trains on the Central Pacific Railroad last night near Emigrant Gap. Whitelaw Reid and D. O. Mills and the members of their party, who were badly shaken up, proceeded on their way east on the regular train, being compelled to abandon their private car.

An official who was asked as to the cause of the accident said that some one had disobeyed the rules of the road. The matter, he said, was being carefully investigated. During the recent heavy storm in the mountains the telegraph wires were prostrated and it was a difficult matter to handle the trains. A block system, which is intended to prevent the collision of trains was recently put in operation in the mountains, but it was evidently out of order. When it is working two trains are never permitted to be upon the same block of road at the same time.

## AFFLICTED MAY SEE THE PRESIDENT.

BERKELEY, May 1.—The Presidential program has been so arranged that the President and his party will pass through the grounds of the Deaf, Dumb and Blind Institute as originally planned. This will give the unfortunate children an opportunity to see the President.

## M'KINLEY IN THE SOUTH

### President is Roundly Cheered By the People.

Associated Press Dispatches by The Tribune Special Leased Wire. MOBILE, Ala., May 1.—Through the low, rice valley of the Yazoo, the Presidential special sped southward to New Orleans today. Although the President and his party did not reach the train after the big demonstration at the Memphis banquet last night until after 1 o'clock, the President was up early this morning.

CROWDS CHEERED. Several times he appeared on the rear platform and acknowledged the cheers of the crowds at the small stations with a wave of his hand.

AS TO SUBSIDIES. Among the members of the Cabinet the President's speech last night with its pointed allusions as to the principle of subsidies as a means of enlarging transportation facilities for the expanding South of Greater America, with the shining picture he drew of the commercial possibilities in the Orient under the "open door" policy in China, to which his administration has secured the adherence of the other powers, is regarded as an exceedingly important utterance and one which will instantly rivet the attention of the country.

COTTON IN SOUTH. His reference to the action of the Tennessee Legislature which, half a century ago, claimed that the cotton trade of the Orient belonged legitimately to the South, is considered particularly forcible.

Vicksburg, with its swimming memories of the Civil War, was reached at 8:30 o'clock. AT JACKSON. JACKSON, Miss., May 1.—The Presidential train arrived here at 11 o'clock sharp. Fifteen minutes ahead of time. Hundreds of people had congregated at the depot and gave a royal welcome to the President and his party to the Mississippi capital. Governor Longne welcomed the President on behalf of the people and State. Mr. McKinley expressed delight at the cordial reception, and his stay here was heartily enjoyed.

AT VICKSBURG. In reply to the welcome extended by the Mayor and citizens the President spoke as follows: "It gives me very great pleasure to receive the official greeting of the Mayor and the warm-hearted love of the people which they are giving to this illustrious day."

The highest expression of satisfaction at the most cordial reception is in the single word that I feel no need of at home. Nowhere in my native State of Ohio could I receive warmer or more sincere welcome than I have received at the hands and from the hearts of the people of Mississippi and in the moment that I have to enjoy with you I can only make my acknowledgments and express my hope that you share in the satisfaction and prosperity of this time of every part of our common country.

"We know that whatever others may say or think, this to us is the best of countries in the world. "It is the land we love and it is the land of possibilities and of opportunities to every child that dwells beneath the flag of our day. I have been glad not only to be greeted by the veterans of the G. A. R., but by the Confederate Veterans, by the people at large, but to welcome could be so sweet to me as that of the fresh young school children from the city of Vicksburg.

"Let me and all I count on my name and heartfelt thanks and leave with you the wish for your happiness and your prosperity."

## WHAT CHINA MUST PAY.

Associated Press Dispatches by The Tribune Special Leased Wire. PARIS, May 1.—The Foreign Office has received a dispatch from Peking announcing that M. Pichon, the French Minister, presented today the report of the Committee on Indemnity. The amount China is to pay has been fixed at 1,500,000,000 francs. How it is proposed that the indemnity be distributed among the powers is not set forth, but as the dispatch does not mention The Hague, it is thought the Ministers are hopeful of being able to settle the proportion to be received by each power by discussion at Peking.

## APOLOGY RECEIVED.

Associated Press Dispatches by The Tribune Special Leased Wire. WASHINGTON, May 1.—The State Department has received from the government of Venezuela a satisfactory explanation of the circumstances under which Ignacio Ruiz, United States Consul Agent at Barcelona, came to be arrested and subjected of a heavy fine. While no details are furnished, it is stated that the action of the Venezuelan government in the matter is all that could be desired, and that Ruiz, who has recovered or will recover the money extorted from him, will not be further molested.

## HE IS NOT THE MAN.

### San Jose Prisoner Is Not Jas. Dunham, Murderer.

Associated Press Dispatches by The Tribune Special Leased Wire. SAN JOSE, May 1.—It is now the opinion of the Sheriff's office that the man brought from WICHITA, Kan., is not James O. Dunham, the McMillan sextuple murderer. This forenoon scores of people who knew Dunham intimately came to the jail and positively asserted that the prisoner is not the long-sought-for murderer.

NOT THE MAN. Mr. and Mrs. Theobald, in whose house Dunham lived for several years prior to the tragedy, gave explicit reasons why in their opinion the suspect is not the man wanted for the murders of May, 1896. Dunham had come into the prisoner's line and style; Dunham had blue eyes; the prisoner's are grey; Dunham had a cowlick; the prisoner has none.

DENIES HE IS MURDERER. The complexion of the prisoner is different from Dunham's and he talks faster than the murderer. Other material points of difference were also noted. Deputy Sheriff Marston, who is yesterday was positive that the man is Dunham, is today equally positive that his first opinion was erroneous. Many residents of Campbell county in and out of the prisoner as the man wanted. The prisoner says that he never made a confession in Kansas that he is the murderer.

## FIRST SUGAR SHIP TO ARRIVE.

Associated Press Dispatches by The Tribune Special Leased Wire. PHILADELPHIA, May 1.—The first American steamship to come direct from the Hawaiian Islands to this city with a cargo of sugar was the steamship California, which arrived last night from Honolulu and Hilo with 7, 920 tons of raw sugar grown in the new American possession. The California's run was over 15,000 miles, having been via the Straits of Magellan. She left Hawaii in February last and stopped at Oahu, St. Louis and Norfolk to supply her bunkers with coal. The California is the pioneer of a new line of steamships which will ply between New York and Philadelphia and the Hawaiian Islands.

## TROOPS MUST BE ON GUARD.

### Marshal Von Waldersee Makes Reply to Ministers.

Associated Press Dispatches by The Tribune Special Leased Wire. BERLIN, Tuesday, April 29.—Marshal von Waldersee, in the better belief he sent to the Ministers today as the reply of the Generals to the views of the Ministers regarding the military questions discussed yesterday by the Generals in conference, says a gathering of 6,000 men should be left at Tientsin and the adjoining district. General von Waldersee, Germany and Japan to contribute 1,000 men each, and Italy one company until the forts are razed. So long as any forces occupy Chinese territory the foreign military commanders must exercise the full authority of a civil administration, according to the principle established at The Hague in 1899. The Chinese may remain in office, as in the case of Pao Ting Pu and partly Tien Tsin.

Besides the 6,000 men in Tien Tsin district, warships which must always be in the Pei Ho, will preserve communication with the international fleet at Taku.

Count von Waldersee and a party of officers left Peking this morning to visit the great wall and the tombs.

## Rain in Los Angeles.

Associated Press Dispatches by The Tribune Special Leased Wire. LOS ANGELES, May 1.—Rain continues to fall today and the indications are favorable for more. One inch and thirty-three hundredths have fallen during the storm and the precipitation for the season is 15.51 inches against 5.99 inches to the same date last season.

## A Bull Leader.

Associated Press Dispatches by The Tribune Special Leased Wire. CHICAGO, May 1.—Developments on the Board of Trade today are said to indicate that George H. Phillips, the bull leader, has successfully run a corner in both May corn and May oats. On May contracts he took in about 2,000,000 bushels of corn and 1,500,000 bushels of oats this morning.

A similar fire has occurred at Khambhagam, Province of Berar, resulting in the death of eleven persons.

## MADE A BIG CASH HAUL.

### Burglars Enter a Store and Blow Up a Safe.

Associated Press Dispatches by The Tribune Special Leased Wire. CANYON, Cal., May 1.—Burglars entered the general merchandise store of De Groot & Thibault last night and opened the safe and secured over \$8,000 in cash. Entrance to the store was effected by boring four holes through the door with an extension bit and clipping the door bolt. The safe has a combination lock, but the burglars are not certain whether the safe door was locked when the store was closed at 9 o'clock last night. It was evidently opened by manipulation as it showed no marks of violence. This is a new combination of a safe and was in the hands of a burglar. The burglars probably had information.

## BOERS AGAIN HIT HARD.

Associated Press Dispatches by The Tribune Special Leased Wire. LONDON, May 1.—A dispatch from Lord Kitchener dated Pretoria, today, says: "General Buller attacked the Boers at Bergendal, near Haversburg, who were the last Boer force opened fire at 10:30 p.m. Kitchener's shots advanced to within 100 yards, when the gun was blown up and the Boers fled. Ten of the Boers were made prisoners. Other columns report ten Boers killed, six wounded, 15 made prisoners and sixty surrendered. The British had four killed and six wounded."

## WAITERS IN BATTLE LINE

### Great Restaurant Strike in Progress Across the Bay.

\*\*\*\*\* SAN FRANCISCO, May 1.—The organized cooks and waiters of this city struck today for shorter hours, more pay and one day off each week. The restaurant proprietors have organized and will combat the demands of the strikers. Restaurants throughout the city are generally open for business and the strength of the contest will not develop until the noon hour.

## THE PARADE.

SAN FRANCISCO, May 1.—In keeping with the announcement of the Bakers' and Waiters' Union, the procession signaling the opening of the strike of the local cooks and waiters took place this morning. The streets were thronged with people who were animated with a desire to see what strength the handlers of food for transients and those without homes would display.

The air was crisp and sharp, the breeze was keen but there was enough of warmth in the atmosphere to deprive the affair of any unpleasantness for the strikers.

## UNIONS SIDE BY SIDE.

The right of the line was held by the Bakers' and Waiters' Union which had drafted into service an excellent band of union musicians who played with an energy which they made no attempt to conceal.

## COOKS AND WAITERS.

Behind those who walked the cooks and waiters, most of them wearing white aprons and other distinguishing marks of their calling.

The column marched with no inconsiderable amount of military precision. At times it was signified with banners, some of antique origin, some of later day design, but all setting forth the dignity of the contending crafts and the principles to which they were giving their support.

On some of these banners were emblazoned principles like the following: "United, we will gain the 8-hour work-day and will abolish night work."

## LINE OF MARCH.

The line of march led through the principal thoroughfares of the city, and on each curb as the procession passed, were thousands of citizens of every walk and standing to life.

Many of the onlookers responded to the cheer of the marchers, shouting them to cheer sympathetically with the strikers.

Others were equally vocal in their expressions of disapproval of the movement.

## MANY IN LINE.

The number of men in line is not generally known, but it is believed that it will reach several thousand.

The men, however, were not in a line, but a number of them brought their children with them, as it is to be expected that the children will be in the ranks of the strikers.

Not a few of these children were literally and many of them were attracted by the sight of the parade.

## AT THE RESTAURANTS.

Several restaurants which opened their doors attracted the strikers' attention and a number of the strikers waited down in front of these places, waiting until they could get a bite to eat.

Admission to these places was a card in the employer's name.

This afternoon at 4 o'clock was effective.

In other it was little. The Restaurant Keepers' Union has established quarters in Mason near Market street. The Cooks and Waiters' Union headquarters is also open. Both places are crowded. It is feared by the restaurant that other ones will join the strike. This far everything is quiet.

## RESTAURANTS OPEN.

SAN FRANCISCO, May 1.—The restaurants are all open the same as usual and guests are being supplied with food.

## STRUCK VICTIM TO THE HEART.

Associated Press Dispatches by The Tribune Special Leased Wire. SAN DIEGO, May 1.—Germans Almondes, who murdered another Mexican named Serrano last night in El Cajon on September 16, 1899, and escaped into Lower California, but was subsequently arrested there by Mexican rurales, is to be delivered to the American officers here. This order was received today from the Governor of Lower California. Almondes has been in the jail at Escondido almost ever since the night of the murder and has exhausted every possible appeal against his extradition. Without any provision other than an old grade, Almondes covered his victim's heart with a silk knife and then fled across the line.

**OAKLAND BOY  
ROBBED BY PAL.**

A 10-year-old boy named Willie Herber, who says his home is in Oakland, went to the Police Station last night at 10 o'clock, and reported that he had been robbed by a pal.

He said he had been walking home from school when he was stopped by a boy named John Smith, who asked him for his pocket money. He refused, and Smith threatened to hit him. He ran home and told his mother, who took him to the police station.

He accompanied his mother to the police station, and when he was asked for a description of the boy, he said he was about 10 years old, and was wearing a blue shirt and blue pants.

SPORTING NEWS  
OF THE WEEK.Bankers, Elks, Tongs  
and Niles to Play  
Baseball.

There is a fine outlook for some very fine Saturday afternoon games being played in the near future, and no doubt they will succeed in arousing interest somewhat similar to the old Saturday afternoon league that was such a social success at the Portico and Court street grounds some years ago. When the old Traditions and Athletics played in a four-club league.

It is proposed to form a four-club league composed of a nine from the Niles Club, a nine from the Elks, a nine from the Tongs of Alameda and the bankers' nine of Oakland.

Games will be played in Alameda and Oakland every Saturday afternoon, and no doubt the teams will put up a good article of ball, as the Niles Club and Elks showed on Saturday last that they have the making of some fine players, and the bankers have also proved themselves on an occasion that they are all right.

The Tongs of Alameda are as yet an unknown quantity, but they are in good hands and Alameda has plenty of good material to pick from and no doubt will be heard from when they send in their line-up.

A board of managers will have charge of the affairs of the new league and will be very strict in regard to who shall play on the teams, and will see that there is no player on either of the teams who has been "imported."

The boys will play just for the sport and will charge no admission, but it is quite probable that season tickets may be issued.

Mr. Cye has charge of the Alameda Tongs, Dick Ayer of the Niles Club, Billy Matthews of the Elks and the bankers will appoint a manager later, who a schedule will be issued and grounds selected.

On May 17th there will be an entertainment of an interesting order for the benefit of the Junior summer camping fund. Physical Director O'Brien of the San Francisco Y. M. C. A. has consented to repeat his "Old Village School," which was given by the juniors in San Francisco which was received with so much enthusiasm that it was repeated.

"The Old Village School" is a burlesque. Those who will take part are Harry McKenzie, Ed McKenzie, Orin Taylor, Ray Esop, Charles Blackwood, Charles Burt, Hugh Young, Joe Wirtner, George Tyler, William Curtis, Chas. Anderson, M. Hawthorne, August Lutz, John W. Callahan, C. A. Glunz, C. O'Brien.

A beautiful spot on Yosemite Creek, near Echo Station, Santa Cruz mountains, has been selected by Physical Director O'Brien and Myers as the place for the next summer camp. The tents will be pitched in a large grove of trees on the bank of the creek.

Camp will open June 15th and close July 15th, and only boys between 11 and 16 who are members of the association may attend. The expenses, including railroad fare, will be \$11 for two weeks and \$15 for the entire month. It is proposed to make the fourth a glorious event at the camp. Fireworks will be taken along, but no firearms.

The date for the gymnasium exhibition has been finally set for May 23d. An elaborate program is being arranged for that occasion.

It is significant that in homes of wealth where the very best is demanded, Ivory Soap is used in the nursery. At the same time, in hundreds of families where economy decides the choice, Ivory Soap is selected. Thus its purity attracts the rich; its economy attracts the poor. That Retain the Food and Refuse to Digest It, Make the Head Heavy and the Nervous Weak, Need Stuart's Dyspepsia Tablets.

\*\*\*\*\*

There is a cure for dyspepsia. Sufferers who have tried noxious nostrums will probably be skeptical, but skepticism vanishes when Stuart's Dyspepsia Tablets are tried. Whether the trouble is dyspepsia of long standing, or merely a simple case of indigestion, relief is prompt and permanent. The less the trouble the fewer tablets need be taken.

Heaviness after eating, sour stomach, as indicated by belching, fatigue with slight exertion, or with no exertion at all, disturbed sleep, nervousness, constipation, depression, "blues," these things can commonly be set down as symptoms of dyspepsia. And dyspepsia is merely indigestion in an aggravated form.

By promoting perfect digestion, Stuart's Dyspepsia Tablets produce strong nerves, restful, refreshing sleep, pure blood and good, sound, healthy flesh. They make the skin clear, the eyes bright, the mind cheerful.

Stuart's Dyspepsia Tablets are a medicine and more than a medicine. They digest the food and make it easy of assimilation, and they relieve the inflammation, diseased condition of the membranes lining the stomach and the glands of the stomach and bowels. They help the digestive organs over the hard places, and put them into a healthy, active condition. They effect a quick and permanent cure. You don't have to continue taking them forever, still it is well to have a box handy and take one at the first return of the trouble.

Perfectly well people are made sick by eating too much, or unwholesome food, but not if they take a tablet after eating. Treatment with Stuart's Dyspepsia Tablets does not necessitate dieting or any change of habits. They digest the proper food and act upon the other kind in such a way as to make it pass off quickly and harmlessly. You may eat and drink what you like, when you like, and as much as you like if you take a tablet afterwards.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cents for full size package.
